WHO WE ARE?

We are Omni
Founded is 2000, Omni has been a pioneer in ergonomics and is now a global manufacturer of products that create workplace well-being.
We are located Yangzhou, near Shanghai in China, and specialize in producing a wide variety of office solutions that are OEM compatible. Omni provides a full exporting service to our customers guaranteeing accurate and on time international deliveries.
We create products to make life better.

WHAT WE VALUE?

It's easy to make a product that looks great.
It's not so easy to make one that still looks good after years of heavy use.
At Omni, we believe that the best designs in the world are based on customer purpose and function. If the design solves these simply and elegantly, the resulting form will be timeless and relevant across cultures.

60,000 FACTORY AREA,SQ^2

Our attention to detail borders on obsessive

Provides advanced, integrated design that supports forward looking technology for today's connected workplace.

ABOUT MAGICK

Magick is a modular bench and elegant table system that showcases great design and user comfort and is exceptionally practical. It is ideally suited to both formal and informal office space and atrium, meeting and breakout areas.
Magick can be specified as a single table or large workstation and is available with a chromed, white or black painted base.

MAIN AIM

FOR OFFICE

FOR PLEASURE

These bench-system workstations are a smart solution for a rapidly expanding office - employees can simply breeze in and grab a place. Exposed edge tops are made of E0 laminate and the diecast legs are powder-coated.

Office users want furnishings that deliver ergonomic health, flexibility and comfort with a light and attractive appearance.
Mobile storage carts, topped with comfortable seat cushions facilitate impromptu desk-side meetings.
Because power was only accessible via the middle beam structure, the cleverly designed under power solution makes the table more aesthetically pleasing

GOOD DESIGN GETS OUT OF THE WAY

We understand that innovation results from unrestricted interaction.
That's why private offices are sometimes more suitable than bench-style workstations which work better when there's a highly mobile and rapidly growing-workforce.

MODULAR OPTION

THE ONLY CONSTANT IS CHANGE AND WE MEAN IT

We provide a system that allows installed furniture to be changed from benches to desks and vice versa, with minimal component redundancy
We provide products with a unique concept and attractive aesthetics.
Our component sets are quick and simple to install, and reconfigure

The Magick meeting tables add a dynamic element to the entire office space. They are available in different sizes to suit 8-12 people with optional cable management.
A small number of elements can be combined to create a wide range of office types.
Offering great flexibility for adapting to new situations as needed.

CONFERENCE TABLE

FEATURES

Fabric-covered screens in various widths enhance employees' privacy and glass versions also enable communication. Screens can be fitted with a rail to accommodate various accessories.

WIRE MANAGEMENT

A wire management system is fitted to the bench frame and provides umbilical risers, ceiling entry, and horizontal trays for cable distribution and storage. In addition, electrical and data socket outlets can be fitted to the cable trays or mounted on the worksurface

ABOUT HOPE

Who really wants to locked in the same position all day long?
Hope bench gives employees freedom to shift their posture naturally throughout the day.

Our new bench option for wood leg system , brings the idea for an fashionable worksapce.
Offers all of the flexibility on workstations that best suit your business.
Designed to foster a more open enviroment, gives employees the freedom,even though screens provide pricacy.

MAIN AIM

REACHING FOR SUCCESS

The Hope range is made using baltic birch
Reach, our benching version of the Hope System, brings the idea of an open workspaces to the next level.
Reach provides you with the opportunity to expand your work surfaces horizontally, allowing more flexibility for you and your employees.

Simple core design, focuse on functionality

Interchangeable elements

Adaptable, malleable

Open ended

A variety of screen options provide the privacy of a traditional workspace without sacrificing space while employees will still be able to communicate and discuss ideas throughout the day.

And our solution scale to meet any need

Offices influence the way people think, feel and act. They express values, inspire and create a sense of belonging.

ABOUT HIKE

We bring the creative element to your home, work and life
Flexible furniture solutions for open plan and the third space.
Create everything from simple benching environments to complex workstations - and everything in-between.
Hike bench's timeless design easily adapts to changing work environments.
With modular, segmented or screen options, Hike bench system has just what you need for any project !
Leg structure allows the assembly of different style/function legs, including fixed height and adjustable height options.

Omni gives you the flexibility and adaptability to create your desired setting for today as well as being able to evolve affordably in the future. This is engineered to save space and adapt by using interchangeable components.

MAIN AIM

CLEAN

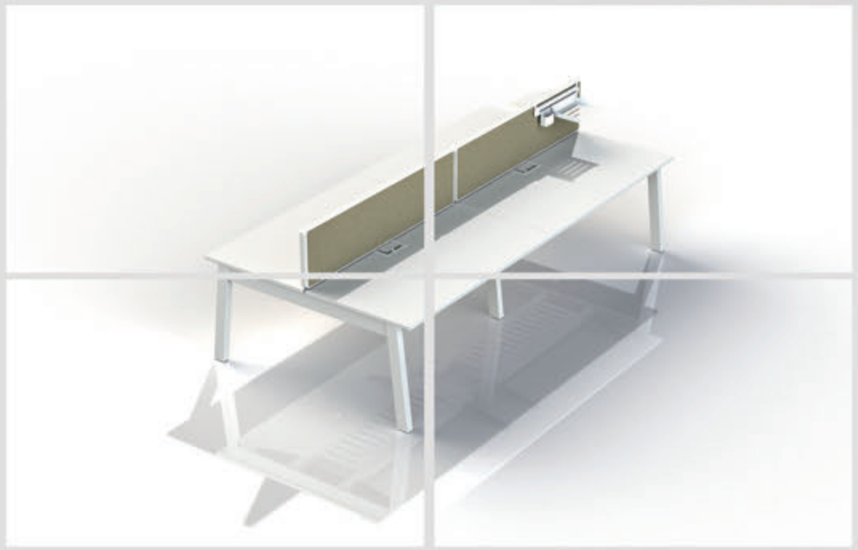
AND

EXTREMELY

COMFORTABLE

Hike benching brings the idea of an open workspace to the next level. Designed to foster a more open environment. Reach: benching gives employees the efficiency they need while simultaneously promoting a collaborative environment.
Allows you to match your private offices with a sleek benching system. Hike bench provides configurations for virtually any work environment. Omni's rectangular height adjustable table base can create ergonomic benching solution for today's office.

FEATURES



Hike bench is a modular, modern bridge-design benching system. It offers the flexibility of workstations that best suit your business: from interchangeable table structures, screens, and low storage to stations, which range from stationery workspaces to stations with various accessory options.

Benefits:

- Power solution
- Iron steel frame construction
- Single stations range from 24″ D – 30″ D and 36″ W – 84″ W.
- Double stations range from 24″ D – 30″ D and 36″ W – 84″ W.

Our designs lead the office industry

Today's workforce embraces a mobile approach that offer a variety of settings in which they can work.

ABOUT EASY

This bench was created to complement the horizontal architectural structure that often appeals to web-based companies. The simple-but-elegant construction and detailing shows off the acoustic panels or glass dividers.
Modest in size and made from top-quality materials, they exude understated hip.

The bench design is simple, open and clean. Workstations can vary in color from department to department to create the environment the designer envisioned.

All benches have laminate tops with colorful finishes, to match the legs and panels .

Laminated glass partitions change tone according to the leg color.
Rustic, rubberwood accents lend character, offsetting the clean look of each piece.

MAIN AIM

FURNITURE FOR

A FASHION LEGEND

Designed to foster a more open environment, Reach gives employees the freedom they need while simultaneously promoting a collaborative environment.
Easy to assembly and simple to break down .
Infinite extension from two-person station to four, six and more person confgurations. A variety of color options are available .

FEATURES

Multi-use single tables have laminate tops and white-black gloss steel legs fitted with glides. Each feature mobile wire management in the event they need to be converted into desk space.

Basic structure to allow the assembly of rectangular desk, 90° and 120°angle, variable depth desks, 90° return desks, meeting table extensions and rectangular benches.
Expansion kits are available in 48", 60" and 72".
Worksurfaces can be 24" or 30" deep.
Lower height storage cabinets can be used under worksurfaces.

WHEN IT'S YOUR OWN OFFICE, IT HAD BETTER BE GOOD.

Easy bench can also be created to from conference tables in your work space.
Expandable to as many stations as needed.
Unique expansion design can lower your stocking pressure and optimize work place environment.
The infinite imagination of space is consistent with modern office space.
Variable combination and infinite extensions are available.

CORE UNDERSTRUCTURE

Basic structure to allow the assembly of rectangular desks, 90 and 120 Angle, variable depth desks,
90 return desks, meeting extensions and linear benches

WIRE MANAGEMENT

Electrical/data outlets to be able to fitted both below the work-surface in the cable tray and above the work-surface for direct user access

FEATURES

Thinking ahead of the curve

As technology, culture and brands drive continuous change, Omni designs for high functionality and adaptability.

ABOUT COBO

New link collaboration table, designed by multi-purpose use of a light-weight, flexible design. Cleverly crafted, the link collaboration easily transitions from work to play within a variety of environments.

Stations can be single (stationery or side by side) or double (facing each other)
